Kwikset®

about us

Kwikset® manufactures and markets a complete line of door locks and door hardware. For over sixty years, millions of families have relied on Kwikset for security and peace of mind. Fact is, there's hardly a door made that Kwikset can't make more attractive or more secure. No wonder more people trust their doors, inside and out, to the strength and beauty of Kwikset. Kwikset has led the lockset industry in innovation and design. Now we have developed new state-of-the-art technology providing control, convenience, and customization to go with the styles and finishes you have come to expect from the industry leader.

Kwikset SmartKey®

Kwikset's SmartKey® is a Re-key technological innovation that allows you to control who has access to your home. Re-key your lock to a spare set of keys and loan out to household help, contractors or neighbors. Disable the loaner keys by re-keying back to your personal set of keys. Re-key any time, as frequently as you wish, while maintaining superior security. You can re-key in under 30 seconds in 3 easy steps.

Some Kwikset products are LEED certified.

SAFE LOCK
by Kwikset

FEATURING

SMARTKEY RE-KEY: EASY AS 1-2-3

RE-KEY TECHNOLOGY

1
Insert functioning key and turn 1/4 turn clockwise.

2
Insert and remove the SmartKey learn tool. Remove functioning key.

3
Insert new key and turn 1/2 turn counter-clockwise. Your lock is now re-keyed!

You must have your functioning key & your learn tool for the system to work.

SUPERIOR SECURITY

- BumpGuard™ - Protects against lock bumping
- Pick Resistance

CONVENIENCE

- Re-key your lock in 3-easy steps
- Provides one key convenience for all Kwikset locks
- Avoid re-keying costs & the hassle of removing locks from your door

PEACE OF MIND

- No more worrying about lost or loaned house keys
- Allows you to control who has access to your home
